

12th Biennial WCI

International Conference

June 21-25, 2012

Denver, Colorado | USA | The Top-Rated Conference City in the World

The Power of Friendship ~ Women Making a Difference

Friendship Our conference theme says it all: The Power of Friendship! A buddy will connect with you before you leave home. There will be many opportunities for us to become acquainted, including intimate cocktail parties and dinners in members' homes, small-group dining, and icebreakers. This conference is for spouses, too, with special programs for them!

International Exchange Be inspired by keynote speakers to be a more confident you and share ideas in meaningful discussions with women from all over the world on current topics.

History and Culture Western history and culture are unique. Tour Historic Denver, the Denver Art Museum, the Western Art collection, and more. Hear Central City Opera at a lunch prepared by a top local chef, see Native American dances, and enjoy fine western-style food.

Natural Beauty Let the beauty of the Rocky Mountains inspire you. We'll experience breathtaking views as we ride a gondola up a mountain to a private club for lunch in Vail, we'll tour the awe-inspiring red rock formations of Garden of the Gods, and we'll catch spectacular Colorado sunsets.

Relaxation Enjoy golf, biking, or personalized shopping escorted by our members, in Denver's renowned Cherry Creek Shopping area of more than 150 shops and boutiques. Pamper yourself with a massage. Indulge in some of Denver's best restaurants, all within walking distance of your hotel.

Just for Fun Have your photo taken with women pioneers, listen to a singing cowboy, and kick up your heels at a local country dance hall. 🌱

Please continue to the reverse side.

WELCOME TO COLORADO
International Club

Welcome
to Colorado
International Club
invites you
to discover why
so many people
vacation in
Colorado.

Welcome Clubs International

We are excited about sharing our beautiful Colorado and making many new friends.

Our Post Conference Trip

After rekindling old friendships and making many new ones, we would like to show you the geographical and cultural highlights of this area of the United States. We begin our trip in Santa Fe, New Mexico. It is one of

the oldest cities of the U. S., world renowned as an art center and rich in Western Native American culture and history. You will love this unique experience in the “City Different”.

Next, we travel to the Grand Canyon’s south rim in northern Arizona, one of the seven wonders of the modern world. We plan on staying in a lodge overlooking this more than one-mile deep and 277-mile long gash in the earth carved by the Colorado River. Quite simply, there is nothing quite like it anywhere in the world.

Finally, we end our trip with great pizzazz in Las Vegas, Nevada. It has everything you would want, including fine hotels, culinary delights, smashing shows and gambling! The “people-watching” is amazing. 🍷

The JW Marriott Hotel

In the charming neighborhood of Cherry Creek, the JW Marriott is setting a new cosmopolitan standard for the vibrant city of Denver. Both Zagat and Condé Nast Traveler have put the Marriott at the top of their lists. There is a stunning 9,000 square foot spa, outdoor Jacuzzis, and fantastic views of the mountains and downtown Denver. The “Second Home” is their award-winning restaurant located next to a fabulous outdoor fire pit and cocktail area. Surrounded by 320 boutiques, galleries, restaurants and spas, we know you will enjoy your stay at this small and stylish oasis, complete with salon, fitness and business centers, and specializing in delivering guest satisfaction for a comfortable stay. 🍷
